RedCAT SYSTEMS

For more than a decade, *RedCAT Systems* has been on the cutting edge of HR innovation.

Our mission is to encourage conversation, develop talent, and create company rituals to improve the health of your organization. We do this through our growing product portfolio that includes compensation and performance management experiences. From customized innovation for the more complex situations to configurable solutions for those with routine cycles, let's create moments that matter.

Where we stand on compensation

	Us	Them
Onboarding Wizard that streamlines data integration	✅	❌
Enterprise Attribute Model (EAV) built to maximize flexibility and scale	✅	❌
Intuitive **Cycle Setup Wizard** that accelerates your cycle planning time	✅	❌
Formula builder that automatically verifies calculations	✅	❌
Lookup table functionality that flexes for real-time results	✅	❌
My Portal to empower employees with visibility into their total rewards	✅	❌

Empower Performance and Inspire Success
